

DTAS, LLC - Turning Obstacles into Stepping Stones

Maximizing Potential & Attaining Goals

Stepping Stone #1 – Determine if you are looking to overcome an obstacle such as	
	relationship
	career
	health (physical, mental, or emotional)
	financial
	unattained goal / unrealized potential

Stepping Stone #2 – Decide your program preference for overcoming the obstacle(s). Would you rather	
	fit into a program’s boxes
	have a program check YOUR boxes

Stepping Stone #3 – Assess your interest in a program that combines utilizing your insight & expertise with my experience as an educator-turned-business-owner in order to overcome obstacles, maximize potential, and attain goals.	
_____	High level of interest
_____	Not an important factor

Stepping Stone #4 – Determine your priority level for discovering possible next steps through completing a brief DTAS, LLC Program Offering Assessment which will allow you to	
	become aware of your potentially unrealized priorities, preferences, & strengths
	make an informed choice via a 15-minute Discovery Call reviewing your assessment results, if desired

Stepping Stone #5 – Make a choice regarding your best aligned program and the level of involvement in the DTAS, LLC offering(s).	
Though different in approaches, the programs are similar in the number of phases from inception to completion.	

Stepping Stone #6 – Upon completion of Stepping Stones #1 through #5, you have already completed valuable aspects of Program Phases I & II at no cost to you and are ready to access additional insight from the first two phases before beginning Phase III, Strategic Aligned Immersion, in your choice program.
